LBTBP Facts

- The Long Beach Township Beach Patrol (LBTBP) protects 12 miles of ocean beach for Long Beach Township (which is on Long Beach Island, New Jersey).
- LBTBP normally has at least 2 guards protecting each of its 55 guarded bathing beaches. Fifty-three guarded bathing beaches are on the ocean, and two are on the bay. Each guarded beach area is approximately 700 - 1200 feet long.
- LBTBP is separated into six patrol areas (Loveladies, North Beach, Brant Beach, Beach Haven Crest, Spray Beach, and Holgate). Each patrol has a captain and a lieutenant who manage 20 to 35 lifeguards and approximately 2 miles of beach.
- LBTBP has one of the most extensive beach patrol competition programs in the country; with swimming, paddleboarding, rowing, surf skiing, and running races. Each year, LBTBP guards compete in Long Beach Township, on Long Beach Island, and at places as far away as Ocean City, Maryland, and Newport, Rhode Island.
- LBTBP's LIT Program, established in 1988, is offered to young men and women ages 13 through 15 (ages 10 through 15 as of June 2016). The LIT Program teaches young men and women the skills and knowledge necessary to become successful ocean lifeguards.
- Every summer, the Ocean Lifeguard Training Courses (OLTC) are offered in June. This five day course teaches prospective lifeguards surf-swimming, paddleboarding, rowing, swimming-rescues, paddleboard rescues, line rescues, and LBTBP procedures and policies.
- Long Beach Township lifeguards protected beaches visited by over 2 million patrons in 2016.
